

July 5-9

Sowing Seeds of Change!

July 12-16

Birds of a Feather Stick Together!

July 19-23

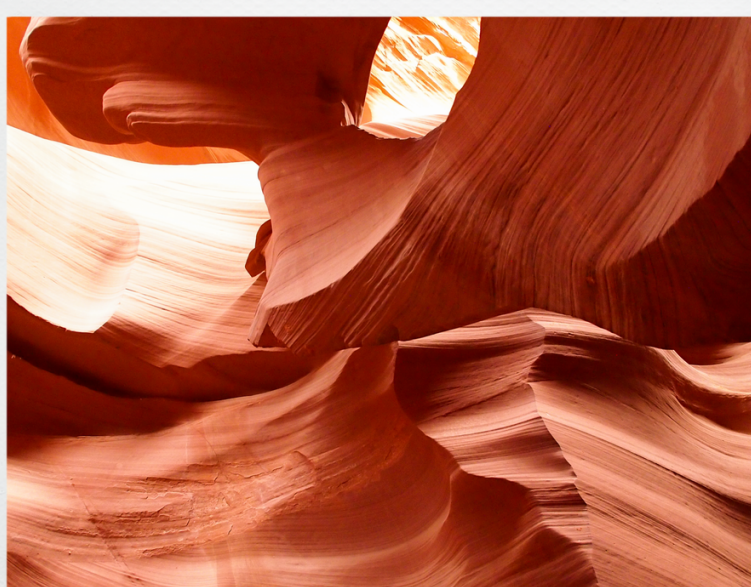

What's the Buzz on Pollination?

July 26-30

Let's Build a House!

August 3-6

Earth Cycles!

Wild Wonder Camp

Wild Wonder Camp is a faith-based eco-camp presented by collaborators with the same goal: to provide fun, equitable, and safe learning for children ages 5-12 years old. Trained camp counsellors and guest presenters lead short, interactive Zooms with science, art, stories, and quests.

Each morning or afternoon session features inclusive faith-based learning using stories and lessons from the Bible, with environmental education themes on understanding, appreciating, and exploring nature as part of God's good Creation. Participants receive hands-on activity kits to support our outdoor challenges and experiments
