

South Gloucester United Church located at 2536 Rideau Rd, Ottawa, Ontario, is currently seeking a part-time, contract, Audio-Visual System Operator

Position Available - December 2021 or asap

South Gloucester United Church is currently seeking a (Contract/Volunteer) Audio-Visual System Operator. This role will support the Church by performing technical services including livestreaming services and productions to Facebook and operating all required audio-visual equipment. **Equipment to be provided by South Gloucester United Church.**

Values of South Gloucester United Church

The ideal candidate should be proficient at operating audio-visual equipment and enjoy variety in their work, which includes elements of customer service and interaction. This position reports to the Worship Committee.

Tasks & Responsibilities

- Providing audio/video support for the church
- House and livestream audio mixing
- Video recording with 1-2 cameras
- Livestreaming events to Facebook
- Setting up microphones, cameras, monitors and other A/V needs for Church services and events
- Performing additional duties as assigned

Qualifications

- Experience livestreaming with software such as OBS Studio
- Knowledge of (or willingness to learn about) audio systems and mixing boards
- Knowledge of (willingness to learn about) microphone technology and maintenance
- The ability to troubleshoot equipment and software issues
- The ability to learn new technology quickly
- Strong organizational abilities
- Excellent communication skills
- Experience editing videos is an asset

Working Conditions

The position is a contract position from 9am – 11:30am each Sunday. The schedule may vary at Christmas and Easter or for other Special Events. Remuneration to be negotiated.
