

Healing Pathway is an experiential spiritual and healing practice that supports well-being and resilience by promoting energetic alignment to all aspects of our being – physical, emotional, mental and spiritual. Programs are supported locally and nationally by the Healing Pathway Society.

Where Two or More Gather

In this Phase 2 level course, the emphasis is on development of self as a Healing Pathway practitioner with a focus on the back, neck and head.

Our bodies are energy. We have fields of energy around us. Emotions and even thoughts carry energy.

When energies flow smoothly, all is well.
When all is well, energies tend to flow well.

Stress, injuries, emotional wounds, and grief all impact the energy flow. Blocked energy can create pain and anxiety.

Everyone has the capacity to work with their own energy, and with other people's energy, to help it flow, to help in our healing

We can learn to tap into Universal or Divine energy and use it to heal. We can learn to be more connected to Universal energy, more grounded, more centred, creating more resiliency for ourselves and others.

All of this helps both in healing what already needs to heal in our bodies and helps keep us healthy, like exercise keeps us healthy.
