

Healing Pathway is an experiential spiritual and healing practice that supports well-being and resilience by promoting energetic alignment to all aspects of our being – physical, emotional, mental and spiritual. Programs are supported locally and nationally by the Healing Pathway Society.

This workshop is sponsored by the Eastern Ontario Ouataouais Healing Pathway Regional Council (HealingPathwayEast@gmail.com)

Phase 1 – An Introduction

This Phase 1 level course introduces participants to the basic concepts of heart centred, hands-on healing within the Christian tradition, with an emphasis on learning to be a healing presence and instrument of God's healing power.

Participants learn and practise specific healing sequences, elements of self-care, and how to centre themselves through prayer and meditation. They also discuss the application of a healing ministry within a congregation or faith community.

We can learn to tap into Universal or Divine energy and use it to heal. We can learn to be more connected to Universal energy, more grounded, more centred, creating more resiliency for ourselves and others.

All of this helps both in healing what already needs to heal in our bodies and helps keep us healthy, like exercise keeps us healthy.
